PROFESSIONAL SUMMARY

UI/UX Designer with hands-on experience in **Figma, user research, wireframing, prototyping, information architecture, interaction design, and visual design**. Skilled in creating user-centered mobile and web interfaces through end-to-end UX design projects. Strong understanding of usability, responsive design, design systems, and user-focused problem solving, with a passion for creating intuitive and engaging digital experiences. Seeking a UI/UX Designer or Junior Front-End role where I can create user-centred products with a collaborative team.

EXPERIENCE

Freelance Graphic Designer (Self-Employed)

May 2026 – Present

Tirupur, India

- Designed creative posters, social media graphics, and promotional visuals based on client requirements.
- Used **Canva, Photoshop, and Figma** to create visually appealing and brand-focused designs.
- Collaborated with clients to understand design requirements and deliver projects within deadlines.
- Developed strong skills in **visual design, typography, colour theory, layout, and creative problem-solving**.
- Refine layouts, interactions, and responsive designs to improve the overall user experience.
